LATAB

産業用LED照明装置

超高輝度長方形照明

These rectangular lights are equipped with 12 high-power LEDs and a reflector to focus the light on a rectangular field of illumination. They are especially suitable for pallet lighting.

Fastening holes are integrated in the cooling profile (no bracket included).

Mechanical dimensions

Order information

Order number	Color	Controller ¹⁾	
		steady mode	strobe mode
OSD5 0101	Red (617 nm)	3 A	24 A
OSW5 0101	White	3 A	24 A
OSB5 0101	Blue (465 nm)	3 A	24 A
OSG5 0101	Green (520 nm)	3 A	24 A

¹⁾ See controller selection for details

Options

- Cable length and type see "Order options"

LATAB

産業用LED照明装置

Customer-specific developments and adaptations are a core part of LATAB's business at near standard prices of course, and with short project lead times. You name it, we'll make it!

Design skills:

- CAD engineering
- Electronics development
- Thermal management

Customer-specific circular back light with 3 camera holes

In addition to LED lighting for the machine vision market, LATAB also offers general lighting solutions.

Examples include decorative lighting and object illumination, both indoors and out, using light modules based on high brightness or ultra-bright LEDs. LATAB's extensive experience in meeting the requirements of industrial applications paired with many years of design skills are the key to its successful LED engineering.
