

産業用ドット&プリント評価マシン

System Summary

Motion Travel	450mm x 450mm
Encoder Resolution	1 μ m
Repeatability	+/-1 μ m
Area Scan Camera (2D)	2048 x 2048 pixel
Linescan Camera (1D)	8192 pixel
Optical Resolution	3 μ m area scan, 1 μ m linescan
Illumination	White LED Dome and 2 x White LED Line Lights
Optics	Telecentric
Fixture	Vacuum with +/-5 degree rotation
Analytical Software	IVS Graphical Interface, Menu Driven, Point & Click
Ability to Save Images	Yes
Data Output	All standard formats (Excel)
E-Stop/Safety	Standard
Enclosure	Yes
Dimensions	1000mm x 1000mm x 930mm
Industrial PC:	22" Touch screen TFT monitor
	Intel Core i5-2500K processor(6M cache, 3.30 GHz)
	Memory 5GB
	2x500 GB hard disk drive
	DVD-RW
	3 free PCI slots
	Windows 7 Professional 64 bit
Warranty:	It will provided a one year return to base warranty for the system.
CE Marking/EC:	The machine will be provided with full CE marking and an EC Declaration of Conformity to the latest European Directives and the relevant BS, EN, ISO and IEC Standards where applicable.
